

# Sourav Anand

## Node JS Developer

### PROFESSIONAL SUMMARY

Proactive Full Stack Developer experienced in JavaScript, Node.js, and MongoDB. Collaborative team player skilled in designing and maintaining server-side applications and RESTful APIs. Strong problem-solving abilities and a commitment to enhancing software solutions.

### PROJECTS

#### 1. E-Commerce Website | 🌐 | 📱

JavaScript | Git | HTML5 | CSS3 |

##### Responsive Web Design

- Implemented user authentication and authorization features allowing users to sign in or sign up.
- Designed and implemented category-wise page listing to help users browse and find products easily.
- Enabled product filtration, sorting, and a paginator to enhance the user experience.
- Integrated multiple types of payment systems for convenient and secure transactions.

#### 2. Travel Website | 🌐 | 📱

JavaScript | Git | Node.js | Express.js | MongoDB |

##### RESTful APIs | HTML5 | CSS3

- Developed the backend server to handle data retrieval and processing.
- Implemented filtering and sorting functionality on the frontend packages page.
- Designed user-friendly interfaces for seamless package browsing and filtering.
- Integrated backend APIs with the frontend to fetch and display package data dynamically.

### WORK EXPERIENCE

#### Wipro

Project Engineer

April 2022 - May 2023

##### Job responsibilities:

- Developed and implemented integration solutions using WebMethods Integration Server.
- Utilized Java programming language to enhance and customize integration solutions.
- Integrated Java components with WebMethods services for seamless end-to-end functionality.
